Medical and Prescription Drug Plans

Anthem will provide Medical plan coverage for Tankstar employees and their families. You will have two plan options to choose from: the PPO plan or the Qualified High Deductible Health Plan (QHDHP). If a covered working spouse has Medical coverage available through his or her employer, he or she must be enrolled in such coverage (regardless of cost) to be eligible for benefits under this plan.

Tankstar will utilize Anthem's Rx Choice Tiered Network for 2025 for both the QHDHP and PPO plan. If you use a Level 1 pharmacy, you will pay less out of your pocket than if you use a Level 2 pharmacy. Level 1 pharmacies include CVS/Target, Sam's Club, Shopko, Walmart, Aurora, and Pick 'n Save. Level 2 pharmacies include Walgreens, RiteAid, Kmart, and Costco. You can find out which level your pharmacy is on by going to [anthem.com](https://www.anthem.com). Choose "Manage Your Prescriptions" on the home page and, after logging in, select "Locate a Pharmacy" under "Pharmacy Benefits" for a list of pharmacies and the levels they're on.

Important Pharmacy Information!

Tankstar uses Anthem's Essential Drug List in 2025. This will apply to both the QHDHP and PPO plan. This closed formulary excludes drugs with over-the-counter and/or lower-cost formulary alternatives. The Essential Drug List will maintain clinical integrity without compromising quality and safety. Search this link to see the Essential Formulary list: <https://www.anthem.com/pharmacy-information/drug-list-formulary>.

Qualified High Deductible Health Plan (QHDHP)

Here are some reasons why you should consider electing the QHDHP:

- The QHDHP offers you a lower premium.
- It enables you to open a Health Savings Account (HSA) and provides opportunities to save and grow your HSA for future healthcare expenses. First-time enrollees may also be eligible to receive a \$500 or \$1,000 HSA contribution from Tankstar. See page 7 for additional information.
- It covers preventive care at 100%.

How Does a QHDHP Work?

The QHDHP is easy to understand. If you visit an Anthem provider, you will have a \$3,300 individual deductible (\$6,600 family). You pay for all nonpreventive physicians' visits, medical services, and prescriptions until you meet your annual deductible. If you stay in-network, you will pay the negotiated rate on these expenses.

First, Meet Your Plan's Deductible

There are two types of deductible(s)*:

- Individual in-network deductible — \$3,300 per year.
- Family in-network deductible — \$6,600 for any combination of family members.

*Amounts above are for in-network only.

After Your Deductible Has Been Met

- You and the plan share in the cost of services up to your out-of-pocket maximum.
- The plan will pay a higher share of the cost if you use an in-network provider.

Preventive Exams

In-network wellness exams will be paid at 100% by the plan, so you are encouraged to have an annual physical and take your children for regular checkups. Out-of-network wellness exams are subject to the annual deductible and coinsurance.

Physician's Office Visits (for Nonpreventive Services)

Show your Anthem member ID card at the physician's office. When your provider bills Anthem, you will get the discounted rate and credit toward your deductible. Most physicians and other healthcare providers are very familiar with QHDHPs and will submit claims to Anthem before billing you if you see an in-network provider.

The PPO plan and QHDHP use the same provider network. It is easy to find a provider. Visit [anthem.com](https://www.anthem.com) or call 800-810-BLUE.

Qualified High Deductible Health Plan (QHDHP) Summary

The QHDHP plan summary is outlined below. As a reminder, in-network preventive care is covered at 100%. Plan changes shown below in bold.

How Does a Health Savings Account (HSA) Work With the QHDHP?

When you are enrolled in a QHDHP, you have the option to open a Health Savings Account. An HSA is a type of savings account that allows employees to pay for out-of-pocket expenses, such as office visits or prescriptions, with pre-tax dollars. You own and administer this healthcare savings account. You determine the amount of funds you will want to contribute to your account, when to use your money to pay for eligible medical expenses, and when to reimburse yourself. Your HSA can be used for your expenses and those of your spouse and dependents, even if they are not covered by the QHDHP.

Eligible medical expenses are defined by the IRS. These expenses include deductibles, coinsurance, prescription drugs, and lab tests. IRS Publication 502 provides a complete list of eligible expenses. The link to this list can be found at [irs.gov](https://www.irs.gov).

2025 HSA Contribution Limits

Coverage Level	2025 IRS Annual Limit	Seed Money (If Applicable)*	Allowed Employee Contribution
Employee Only	\$4,300	\$500	\$3,800
Employee + 1 or More Dependents	\$8,550	\$1,000	\$7,500
Catch-up Contributions (Individuals Age 55 or Older)	\$1,000	N/A	\$1,000

*If you are a first-time enrollee in the QHDHP and you have a two-year Department of Transportation (DOT) certificate, you can earn a one-time HSA seed money contribution of \$500 for employee-only coverage or \$1,000 for all other tiers. All seed money will be paid in increments until the one-time contribution amount is met. If your DOT certificate is less than two years, you must engage with the Nurse Advocate within 30 days from your hire date. You can contact the Nurse Advocate at 888-548-3924 or tsnurseadvocate@lockton.com. Please see pages 22-32 for additional details on the Wellness Program. You must open your HSA with Tankstar's preferred bank, Bank of America.

You are eligible to fund an HSA if you are:

- Covered by an HSA-eligible High Deductible Health Plan, such as Tankstar's QHDHP.
- Not covered by your spouse's health plan (unless it is a QHDHP), Flexible Spending Account (FSA), or Health Reimbursement Arrangement (HRA).
- Not eligible to be claimed as a dependent on someone else's tax return.
- Not enrolled in Medicare, Medicaid, TRICARE, or TRICARE For Life.
- Receiving Veterans Administration (VA) hospital care or medical services for a service-connected disability or preventive services. (Otherwise, you are subject to a three-month waiting period from when you last received VA health benefits before you can restart your HSA contributions.)

Tankstar has partnered with Bank of America to administer the HSAs opened by employees participating in the QHDHP. You can elect to participate in the Bank of America HSA and have deductions taken on a pre-tax basis and deposited into your account. You may also start an HSA at a financial institution of your choice. In that case, you would deposit funds on an after-tax basis and deduct the amount of your contributions when you file your income taxes.

Anthem Medical Carrier Tools

Once your coverage with Anthem begins, there are several tools available to assist you with managing your health. Below are some services that are offered through Anthem.

Find a Doctor

With your Anthem plan, you get access to a large network of doctors across the country — so you have more choices when selecting your PCP. And finding a PCP who's "in-network" or in your plan is easier with our online tools. You can search for a doctor by name or look for one near you. Avoid getting care from doctors outside your plan because it will likely cost you more, or your plan may not cover it at all.

Here's what you need to do:

1. Go to [anthem.com/ca/find-doctor](https://www.anthem.com/ca/find-doctor).
2. Choose your search:
 - Search as a Member: Use your member ID card number or log in with a user name and password.
 - Search as a Guest: Select the National PPO (Blue Card PPO) plan/network to get started.
3. Select a type of doctor and location. You can also search within a certain distance of your location.

Looking for cost information to go with your care? Use the Care & Cost Finder tool at [anthem.com/ca](https://www.anthem.com/ca). You can compare doctors and costs side by side and get an estimate of what you'll pay based on your benefits. You can even see how other members rate doctors.

To learn more about choosing a doctor, read the Anthem blog "4 Tips to Choosing the Right Doctor" at [anthem.com/ca/blog](https://www.anthem.com/ca/blog).

LiveHealth Online

LiveHealth Online lets you use your smartphone, tablet, or computer with a webcam to have a video visit with a board-certified doctor. No appointments, no driving, and no waiting at an urgent care center. Doctors are available 24/7 to assess your condition, and if it's needed, they can send a prescription to your local pharmacy.

Use LiveHealth Online if you have pinkeye, a cold, the flu, a fever, rashes, infections, allergies, or another common health condition. It's faster, easier, and more convenient than a visit to an urgent care center. During your video visit, the doctor will assess your condition, provide a treatment plan, and send pharmacy of your choice, if needed.

Your Anthem plan includes benefits for video visits using LiveHealth Online, so you'll just pay your share of the costs.

Email questions to customersupport@livehealthonline.com or call toll-free at 888-548-3432.

Remember! The ER isn't your only option.

Find the right place to go when you need to see a doctor quickly.

Your PCP is usually the best place to start when you need care. But you have other options for non-emergency care — even in the middle of the night. Make a plan now so you're prepared when you need to choose care in a hurry. And remember, going to the ER or calling 911 is always best when it's an emergency.

24/7 NurseLine

With 24/7 NurseLine, you can ask registered nurses a variety of questions, including how to choose the right level of care at no cost to you. Choosing the best treatment option can mean cost savings for you.

The registered nurses can also:

- Help find providers and specialists in the area.
- Enroll you and your dependents in valuable care management programs for certain health conditions.
- Provide guidance during natural catastrophes and health outbreaks.
- Explain why urgent care makes more sense than the emergency room (ER).
- When you use 24/7 NurseLine, you also have access to Anthem's other health and wellness programs to help you achieve your personal wellness goals.

MyHealth Check In

MyHealth Advantage connects your claims, doctor reports, personal health history and other information for a bigger picture of your health. If MyHealth sees things you can act on to help improve your health or save money, you'll get a MyHealth Note — a confidential summary that includes:

- Money-savings tips
- Prescription drug updates
- Reminders for checkups, tests and exams
- Lists of recent claims and prescriptions
- General health tips

MyHealth notes are mailed to you. Or you can read the "Suggestions" via the Sydney app.

Dental Plan

Dental exams can tell your doctor a lot about your overall health. It's important to schedule regular exams to help detect significant medical conditions before they become serious.

Guardian administers the Voluntary Dental plan. The Dental plan includes benefits for preventive dental care, as well as coverage for basic, major, and orthodontic services. You may see any dentist; however, dentists who belong to the DentalGuard Preferred network will be the most cost-effective.

To find a DentalGuard dentist, call 800-541-7846 or visit guardiananytime.com.

- Click "PROVIDERS."
- Click "Find a Dentist."
- Complete the screen
 - Your Dental plan is "PPO."
 - Your Dental network is "DentalGuard Preferred."

Below is a summary of the key features of the Dental plan. Please refer to your Summary Plan Description for additional details about coverages and exclusions.

**"Reasonable" means that the charge is the dentist's usual charge for the service furnished. "Usual" means that the charge is what he or she most frequently makes for that service. "Customary" means that the charge made for the given dental condition is not more than the usual charge made by most other dentists. But, in no event will (1) the covered charge be greater than the 90th percentile of the prevailing fee data for a particular service in a geographic area or (2) the covered charge be less than the payment made to a preferred provider. Guardian updates the prevailing fee data twice each year using a national service that compiles amounts charged for each specific service based on the American Dental Association codes and the dentist's ZIP code. National data is used when necessary.

**Maximum Rollover Feature: With the maximum rollover feature, part of a covered individual's unused annual maximum may be rolled over into his or her personal maximum rollover account for use in future years.

Dental Plan

- If during a benefit year, a covered individual submits at least one claim for covered services for which a benefit payment is issued in excess of any deductible or copay and does not exceed the maximum rollover threshold, the maximum rollover amount will be rolled over into his or her personal maximum rollover account.
- Even better, if the covered person uses preferred provider services exclusively during the benefit year, Guardian will increase the amount credited to his or her maximum rollover account.
- The covered individual's personal maximum rollover account may never exceed the maximum rollover account limit.
- The covered individual's personal maximum rollover account is used for additional coverage when his or her annual maximum is exhausted.
- Each covered employee will receive an annual statement detailing his or her maximum rollover account and those of his or her dependents.
